**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Competition is good for consumers because it offers a choice for us to choose what is best for us to buy. Big companies like AT&T have a monopoly for a long time and they keep increasing their rates. Sonic has been proven to provide better service, better speed and less cost. Please keep Sonic in business and don't allow big brothers bully little business owners. If you allow that, that is not good for America and ruin what this country stands for.....Entrepreneurship, new production, better products etc.

Please do not allow price hikes that will increase the cost of internet and telephone services. Broadband is critical to our homes and business. Especially those that are self employed.
